Find what you need in four easy steps. Select your cartridge type from the drop-down list. Then select your bullet weight, powder manufacturer and powder type. If you're unsure, or just want options, check as many boxes as you'd like. Click "Get Data" to view results.

Take Aim at Rifle Reloading Data | Hodgdon Reloading

Backing off 10 percent from starting loads, combined with the .303 Savage case's greater capacity, resulted in low velocities, inadequate gas seals, and sometimes wild extreme spreads. But, they got me started. The loads given in the accompanying table are all well within safe limits based on observations in my rifle.
