The power in the powercube. The 'forms of power' in the powercube (visible, hidden and invisible power) are based on the 'three faces' or 'dimensions' of power articulated by Stephen Lukes (1974, 2005) and taken further by John Gaventa (1980; 2006) and Lisa VeneKlasen and Valerie Miller (2002). It is tempting perhaps to categorise the powercube as 'one approach' to power, and in some respects this is true.

Power and empowerment Forms of power Power is an integral dynamic of politics, yet it turns out to be one of the more uncomfortable and difficult topics to a d d r ess. People often see power as sinister and unchanging. Such a one-dimensional perspective can paralyse eff e c t i v e analysis and action. In re a l i t y , power is both dynamic and

Power and empowerment

'Power within' describes the sense of confidence, dignity and self-esteem that comes from gaining awareness of one's situation and realising the possibility of doing something about it. 'Power within' is a core idea in gender analysis, popular education, psychology and many approaches to empowerment.

'PowerKube is an integral part of our diagnostic capabilities here at the UFC Performance institute. Measuring and assessing striking characteristics is critical for determining performance standards in UFC fighters.It is hugely valuable for helping to shape our training programs and athlete-development strategies, and provides a user-friendly interface for both the athletes and our coaches'.

Powercube - Leading Performance Technology

The way that power is distributed, the way we have an effect, is shaped by who is making the choice and by who is being affected. When one person or party makes a choice and it affects someone else, we call that power over.When a group of people make a choice that affects them all, we call that power with When a person makes a choice which primarily affects them alone, we call that empowerment.
