seat. Photo: Jay Singh –  
Simple Flying.

Compared to the  
previous generation of  
first class seats on  
American's 737s, these  
seats offer less  
padding and are a little  
more rigid. For a  
shorter flight of under  
two hours, the seat is

### Planning And

737NGFP is a fuel planning and boarding utility for Microsoft Flight Simulator. It is specifically designed to work with the Boeing 737NG developed by Precision Manuals Development Group , but it should work well for other 737NG aircraft provided they have the same operating limitations and fuel tank capacities.
