Accounting An Introduction 4th Edition

Financial Accounting: An Introduction does not simply teach the accounting standards; it demonstrates that accounting is about "how to" as well as "why to" record and report information in a way that engages directly with Generation Y students. The book uses a narrative approach to tell the story of accounting as each accounting concept is introduced through a problem to be solved by the ...

The first edition of this book was published in 1974 to fulfill a long-felt need for a theoretically based introductory textbook on accounting for students. In this, the thirteenth edition, the contents have been updated with the latest developments in accounting in order to comply with International Financial Reporting Standards (IFRS). The main changes in this addition are incorporating the ...
