Amga Guide Course

The American Mountain Guides Association (AMGA) is a 501(c)(3) educational non-profit that is dedicated to supporting the American mountain guiding community. Our mission is to inspire and support a culture of American mountain craft.

AMGA - Education, standards, and certification for ...

Courses, Certifications, Accreditation. The AMGA's training courses, exams, and certifications are designed to certify you, the individual guide, with the skills necessary to effectively guide clients in Rock, Alpine, and/or Ski terrain. The International Federation of Mountain Guides Association (IFMGA) and the International Mountaineering and Climbing Federation (UIAA) have endorsed the 400+ programs the AMGA runs each year, which opens the door for individuals with our certifications to ...

Programs - AMGA | AMGA

Colorado Mountain School has more guides certified at international levels and more AMGA trainers on staff than any other guide service in Colorado. The primary focus of our guide training courses is to balance effective risk management with maximal client and student rewards. Courses focus on both technical and non-technical skills, learning to apply the appropriate techniques in various circumstances, and developing the ability to seamlessly change from one technique to another.

The American Alpine Institute's guide training program formed the basis of the AMGA's national certification program for alpine guides, and AAI guides have played leadership roles as the designers, instructors, and examiners in the rock, alpine and ski certification courses and exams.

Mountaineering Instructor Professional Training Program

Some of the AMGA's Alpine and Rock courses were ready for review by UIAGM auditors in 1994, and in the fall of that year, Canadian Karl Klassen observed the Advanced Alpine Guide Course. Two years later Bruce Howatt officially (and favorably) reported on his observations of the Alpine Certification Exam. The Rock discipline developed apace.
