Yes. It's always a good thing to learn the manual so you're skilled enough when it comes to emergency driving (where you can't choose the car you're driving). My car is manual now.

Can you drive a manual car? - The Lobby - OneHallyu

CDL restrictions severely limit your career potential. Per the FMCSA, if you test on an automatic-equipped vehicle, you get a restriction on your license that prohibits you from driving a truck with a manual transmission: (c) Manual transmission. (1) If an applicant performs the skills test in a vehicle equipped with an automatic transmission, the State must indicate on the CDL, if issued, that the person is restricted from operating a CMV equipped with a manual transmission.

Manual Transmission Restrictions on your CDL | Apex CDL

Manual transmissions have been disappearing for some time now: Each year, fewer cars offer a stick shift as an option. There are just over 40 models in the U.S. that are still available with a manual transmission. Many of these cars come standard with a stick shift on the least-expensive base trim.

Every 2020 Car You Can Still Get With a Manual ...

If it has been snowing and the roads are covered in ice, drive as slow as you need to in the highest possible gear (if driving a manual), to improve control of the vehicle, and ignore other motorists who get impatient and start tooting their horns.
