Co-curricular activities generally refer to the activities, programs, and learning experiences that complement what students are learning in school. Essentially, such activities are experiences that are connected to, reinforce, or mirror the main academic curriculum or syllabi activities. In addition, co-curricular activities are usually, but not always, defined as being distinct from academic courses.

## **The Importance of Co-curricular Activities for Students ...**

In co-curricular programs, outcomes vary based on the type of program, so it is important that learning outcomes accurately reflect the level of expectation. SLOs are often organized around Bloom's taxonomy (Bloom, 1956), which is a classification of different ways of learning, from lower- to higher-order levels.
