Overview. Grounded in modern economic theory but written in non-technical language accessible even to non-specialists, this comprehensive history highlights events that have contributed to prosperity and material well-being—that is, to "development"—as well as those that have resulted in continued "underdevelopment" for large areas of the world. The first half of the book surveys world history from ancient times to the eighteenth century, outlining the origins of Western prosperity.

Concise Economic History of the World: From Paleolithic ...

Description. A Concise Economic History of the World offers a broad sweep of economic history from prehistoric times to the present. Comprehensive and now even more global in scope, the fifth edition examines the ongoing effects of globalization on both past civilizations and our current global economy. A Concise Economic History of the World - Paperback ...

Just finished A Concise Economic History of the World: From Paleolithic Times to the Present by Rondo Cameron. The third edition takes us to the formation of the EU. I only skimmed the last chapter on 1989-1997 anyway so reading the fourth edition wouldn't have made much of a difference. Overall, this was a very good book.

Book Review: A Concise Economic History of the World from ...

Throughout the Paleolithic Era, which was between 500,000-10,000 BC, the primary socio-economic unit was the band (small kin group). Communication between bands occurred for the purposes of trading ideas, stories, tools, foods, animal skins, mates, and other commodities.
