Conjuring Spirits is a collection of essays on various ritual texts. Unlike Forbidden Rites: A Necromancer's Manual of the Fifteenth Century and Ritual Magic, which are also a part of Penn State's Magic in History series (link below), this collection isn't nearly as engaging to the casual reader nor does it feel very fluid. Don't get me wrong, there are a few gems in here, but you'll need to skip around to what interests you.

Conjuring Spirits. As a practicing magician and yogi, I can say there were a few things of note in this anthology. Having said that, is it worth reading? For an academic person who wishes to learn about the Secretum Philosophorum, Ars Notoria, Book of Visions, and a few other late medieval magical texts, I would say yes.

The text of the charms to be recited to conjure the spirit varies considerably from simple sentences to complex paragraphs with plenty of magic words. The language usually is that of the conjurer's, but since the Middle Ages in Western tradition, Latin was the most common (although many texts have been translated into other languages).
