Coulomb law questions and answers. After learning about Coulomb's Law and its vector form let us now look into some questions and answers related to the topic. (A) Conceptual Problems.  
Question 1: The electrostatic force between two charges is a central force. Why?  
Answer: The electrostatic force

# Get Free Coulomb Law Questions And Answers Bing

between two charges  
acts along the line  
joining two charges.  
So, it is a central force.
