Under new EU laws supported by many within the meat industry, vegetarian food could be forced to rebrand to avoid terms such as 'burger' and 'sausage' because of fears that the term is misleading.

Veggie Burgers And Sausages Could Be Forced To Rebrand ...

European citizens need to have access to safe and wholesome food of highest standards. A series of food incidents in late 1990s draw attention to the need to establish general principles and requirements concerning food and feed law at Union level. Accordingly, the European Commission developed an integrated approach to food safety 'from farm to fork', primarily set out in its White Paper on ...

General Food Law | Food Safety - European Commission

Tallahassee, Fla.—Local governments across Florida will no longer be able to ban food trucks or require food truck operators to get an additional local license in order to vend under a bill passed by the Florida House and Senate today. The provision is part of a broader bill to reform occupational licensing in the state and is expected to be signed by Gov. Ron DeSantis soon.

Until the outbreak of the BSE crisis, many of the Community's rules relating to food safety regulation were mainly created on an ad hoc basis and/or developed in the jurisprudence of the European Court of Justice. The BSE crisis, however, clearly demonstrated that where important political interests are at stake, this ad hoc approach is not sufficient to guarantee an effective and legitimate ...
