This provision includes revisions to the Evaluation and Management (E/M) office visit CPT® codes (99201-99215) code descriptors and documentation standards that directly address the continuing problem of administrative burden for physicians in nearly every specialty, from across the country.

### CPT® Evaluation and Management | American Medical Association

The revised coding guidelines for outpatient evaluation and management (E/M) services represent the first major overhaul of E/M reporting in more than 25 years. They also have significant potential to give doctors more time to spend with patients by freeing them from clinically irrelevant administrative burdens that led to time-wasting note bloat and box checking.
