Earlier this week, I ran the gauntlet of the Sydney traffic, to take a look at a Faema E98 espresso machine in Brookvale. It was the poverty pack version - with the vibration pump, manual boiler fill, and no volumetric controls. Apparently it had had limited use in a home, before being stored for 10 years, and was in quite good condition.

Design and style make the new President a truly unique machine. However, it is made even more exclusive by the endless customization options. While in the thermosiphon version it is possible to customize the base and all the bodywork thanks to the easy-to-remove system, in the GTi version the rear panel can be characterized by playing with numerous materials and the most varied graphic designs ...

I have a Faema E98 compact single group. Have had it for about 12 years and use it every day. I know they have the reputation of a machine that over heats but my experience has been totally positive the whole time... until recently. Lately I noticed my shots getting bitter, I now struggle to get a decent shot from the machine.
