Horse Guard and Horse Grenadier Guard. Lord Ligonier Major-General Sir Charles Howard British regiment of foot: Battle of Lauffeldt 21st June 1747 in the War of the Austrian Succession: picture by Richard Simkin. When writing about the tactics and doctrine of the British Army in the mid-eighteenth century modern historians invariably turn to Humphrey Bland's...

British Army Firepower in the mid ... - Weapons and Warfare

This was clearly demonstrated at Dettingen, the British Army's first major battle in three decades. There, inexperience caused the infantry, described by La Fausille as novices, to open fire spontaneously at far too great a range.¹²⁰ Although the same thing nearly happened again at Fontenoy, from then onwards the infantry carried out their ...

British Army Firepower in the mid ... - Weapons and Warfare

These weapons are useful in situations where a unit is outnumbered and needs to respond immediately with fire superiority, such as in an ambush by forces not similarly equipped. Further reading Edit. A brigade major was the chief of staff of a brigade in the British Army. He most commonly held the rank of major, although the appointment was also held by captains, and was head of the brigade's "G - Operations and Intelligence" section directly, and oversaw the two other branches, "A - Administration" and "Q - Quartermaster". Intentionally ranked lower than the lieutenant colonels ...
