Guided Practice Problem 2 Page 324 Answers

Sharratt (2013, p. 145) defines guided practice as a “transition practice that ... allows leaders to pull back and the learners to step forward” through smooth movement from teacher- to student- centered learning. Duchesne et al. (2013, p. 90) argue that it is “support provided to enable students to participate in expert activities in increasingly expert ways.”

Guided Practice (I do We do You do): Examples & Definition

Independent Practice is differentiated based on proficiency with this skill. (I use yesterday's lesson and success on the guided practice problem to determine groupings). Group A: In need of intervention. Students in group A will work with the teacher to complete word problems with sums 1-20.
