One of the great documents of colonial Mexico, the Codex Chimalpopoca chronicles the rise of Aztec civilization and preserves the mythology on which it was based. Its two complementary texts, Annals of Cuauhtitlan and Legend of the Suns, record the pre-Cortésian history of the Valley of Mexico together with firsthand versions of that region's myths.

Myth and history Myth and history represent alternative ways of looking at the past. Defining history is hardly easier than defining myth, but a historical approach necessarily involves both establishing a chronological framework for events and comparing and contrasting rival traditions in order to produce a coherent account.

### Myth - Myth and history | Britannica

The history of myth is the history of humanity; our stories and beliefs, our curiosity and attempts to understand the world, link us to our ancestors and each other. Myths help us make sense of the universe. Armstrong takes us from the Palaeolithic period and the myths of the hunters right up to the "Great Western Transformation" of the ...

The early history of mythology may be summarized by saying that from the first flowering of scientific rationalism in Greece during the 6 th century BCE until the revival of scientific rationalism in the 17 th century CE, allegorical mythology of one kind or another was the only method employed for studying myths. As the Enlightenment (c. late 1600s-late 1700s) approached, allegorical approaches were overtaken and incorporated into the new, more scientific comparative mythology.
