This class covers all topics typically covered during the second and third quarters of college calculus.

### MTH662 - IB Math 2 HL - High School Course Guides

The IB does not do a good job of distinguishing between the four courses, but from what I can gather, Mathematical Studies SL is the lowest level of mathematics, then Mathematics SL, then Mathematics HL, then Further Mathematics HL. Four new IB Math class options have been available since August 2019 and will have their first assessments in May ...

### The Complete List of IB Courses and Classes

The SL maths courses mean 150 hours of classes, whilst a HL maths course is taught over 240 hours (remember, these class hours are spread over two years – phew!!!). Knowing the amount of time you'll be spending on a subject is a good way to decide which level to take.

### Super Simple Guide to the New IB Maths Courses 2019 ...

The IB recommends 240 teaching hours for HL subjects and 150 hours for SL. Subjects at HL are studied in greater depth and breadth than at SL. At both levels many skills are developed, especially those of critical thinking and analysis. At the end of the course, students' abilities are measured by means of external assessment.

### Mathematics: analysis and approaches guide

Mathematics: applications and interpretation guide 1 The Diploma Programme is a rigorous pre-university course of study designed for students in the 16-19 age range. It is a broad-based two-year course that aims to encourage students to be knowledgeable and inquiring, but also caring and compassionate.

### Mathematics: applications and interpretation guide

2 Mathematics HL guide Introduction The Diploma Programme The Diploma Programme is a rigorous pre-university course of study designed for students in the 16 to 19 age range. It is a broad-based two-year course that aims to encourage students to be knowledgeable and inquiring, but also caring and compassionate.

### Mathematics HL guide - sdgj.com

The IB Mathematics curriculum change is significant. The 4 current subjects (Studies, SL, HL & Further) are being replaced by two "routes" that can be taken at either a Standard Level (SL) or Higher Level (HL). The two routes are "Analysis & Approaches (AA)" and "Applications & Interpretations (AI)".

### New IB Math Curriculum Information 2021 | Revision Village

Mathematics across the IB continuum The IB continuum of international education provides a progression of learning for students aged 3–19. In the IB Primary Years Programme (PYP), mathematics is viewed primarily as a vehicle to support inquiry, providing a universal language through which we make sense of the world around us.
