(2010). Institutional Structure of Financial Regulation in China: Lessons from the Global Financial Crisis. *Journal of Corporate Law Studies*: Vol. 10, No. 1, pp. 219-254.

Institutional Structure of Financial Regulation in China ...

The institutional approach to financial system regulation tends towards a heavily fragmented regulatory environment, ill-equipped to deal with financial entities that are hybrids, such as bank-cum-insurers. Such hybrids then

face overlapping and potentially
contradictory regulations.

The Institutional Structure of Insurance Regulation and ...

Abstract Around the world, many
countries are considering the
institutional structure of regulatory and
supervisory agencies in the financial
sector on the grounds that existing
structures, which were often established
in a markedly different market and
intuitional environment than exists
today, may have become inappropriate.

In light of on-going global financial
crises, the institutional structure of
financial regulation is currently a subject
of significant academic and practical
interest. The financial crisis has called
into question the adequacy of financial
regulation at the national and
supranational levels, and has instigated
financial regulatory reforms in major
markets overseas.

Institutional Structure of Financial Regulation in China ...

Financial regulation is a form of regulation or supervision, which subjects financial institutions to certain requirements, restrictions and guidelines, aiming to maintain the stability and integrity of the financial system. This may be handled by either a government or non-government organization. Financial regulation has also influenced the structure of banking sectors by increasing the ...
