John Crowe Ransom (1888-1974) was an American Literary critic. He was the founder of New Criticism. New Criticism was a formalist movement that emphasized the 'closed reading' of the text. It argues that the words on the page are the most important elements within the analysis. New Criticism looked at the idea of a text in an aesthetic form.

John Crowe Ransom The New Criticism - English Summary

Elegant, ironic, carefully crafted, Ransom's own poems repeatedly attempt characterizations of fundamental differences between men and women. After 1927, most of his poetry writing consisted in repeatedly revising the poems he had already published, which he issued in new editions of his Selected Poems in 1945, 1963, and 1969.

John Crowe Ransom | American poet and critic | Britannica

New Criticism was a formalist movement in literary theory that dominated American literary criticism in the middle decades of the 20th century. It emphasized close reading, particularly of poetry, to discover how a work of literature functioned as a self-contained, self-referential aesthetic object. The movement derived its name from John Crowe Ransom's 1941 book The New Criticism. The work of Cambridge scholar I. A. Richards, especially his Practical Criticism and The Meaning of Meaning, which

The Fugitive Movement similarly influenced Brooks' approach to criticism. The Fugitives, a group of Southern poets consisting of such influential writers as John Crowe Ransom, Allen Tate, Donald Davidson, and Robert Penn Warren, met Saturday evenings to read and discuss poetry written by members of the group (Singh 1991). The discussion was based on intensive readings and included considerations of a poem's form, structure, meter, rhyme scheme, and imagery (Singh 1991).
