Effective today, July 1, The Joint Commission is expanding the role of the Life Safety Code surveyor in hospital on-site survey events to include an evaluation of the physical environment and Life Safety Code requirements at all off-site emergency department and hospital-based ambulatory surgical locations. Historically, Life Safety Code surveyors have visited all inpatient locations during on-site survey events.

Expansion of Life Safety Code surveyor role - Joint Commission

The Joint Commission's Life Safety Code® (LSC) standards are critical to creating a safe, functional environment in your organization. Compliance with these standards make your staff, patients and their visitors safer. They also are some of the most frequently misinterpreted requirements. In an effort to better help organizations like yours succeed at LSC compliance and maintain a safe environment, we released critical clarifications on four LSC requirements.
