So, we are happy that diesel is being supplied to the injector pump but it doesn't seem to be getting any further, so to me either the fuel is still being mechanically shut ...

Injectors on a Kubota 3 cylinder engine. | DIYnot Forums

I have a Kubota B7100 with a small 3 cylinder diesel. I was driving it about three weeks ago and it stopped running. I took the fuel line from the injector to the block loose and no fuel was coming out. I reconnected it and then took the line from the fuel tank to the fuel filter and fuel came out no problem.
