Land Rover Series I II

The Land Rover series I, II, and III, or simply the Land-Rover, are compact British off-road vehicles, produced by the Rover Company since 1948, and later by British Leyland. Though unapologetically inspired by the World War II jeep, the Land Rover immediately distinguished itself from all other cars. From launch, it was the first mass-produced civilian four-wheel drive car with doors on it, and an available hard roof. Contrary to conventional car and truck chassis, it used a sturdier fully box-

Classic Land Rover Series IIA for Sale on ClassicCars.com

Introduced in 1958, ten years after the Series I, the Land Rover Series II required some re-styling to accommodate the improvements that had been made underneath that sporty aluminum body. The axles were changed and gave the Series II a wider track of 4'3½". The improvements to the axles and steering reduced the vehicle's turning circle.

A Brief History of the Land Rover Series II, IIA and IIB FC

The Series II included a wider track (distinguished by the curved upper edge of the body rather than the totally flat sides of the Series I) and a larger 2.25-liter engine. The Series II 88 is the shorter, two-door-only model (88-inch wheelbase), while the Series II 109 is the longer, two- or four-door model (109-inch wheelbase).
