eReaderIQ may look like your typical free eBook site but they actually have a lot of extra features that make it a go-to place when you're looking for free Kindle books.

Laudon Management Information Systems Review

My review may be slanted since I am not an IT student. I don't feel the book is designed for the complete layman. It is informative but for the non-tech individual the reading can be dry and laborious. It covers a huge amount of interesting information but because it is so comprehensive can be a bit overwhelming for the novice.
