Learning Through Play : For Babies, Toddlers and Young ...

A few years ago, I began shifting to a play-based approach in my kindergarten classroom. Research extolled the physical, cognitive, social, and emotional benefits of play and called to mind Friedrich Froebel's vision of kindergarten as a place where play and learning go hand in hand.. As I made small changes in my classroom, I began to understand that play is a primary and integral mode ...

Although many educators know about the connection between learning and movement, nearly as many dismiss the connection once children get beyond 1st or 2nd grade. Yet the relationship between movement and learning is so strong that it pervades all of life—and emotions are intertwined into the mix as well.
