NOTE 2: When not playing with and storing the Ion for an extended amount of time, disconnect and remove the battery to prevent draining it. — USE ONLY A CO2 TANK WITH AN ANTI-SIPHON TUBE. — Do not exceed 200psi inlet pressure to the Ion. — Do not replace any internal hose with any brand other than Smart Parts.

ion

The Ion was released in 2005 and quickly became one of Smart Parts' most popular guns because it was the first electropneumatic marker that was affordable and available to entry level players. It was replaced by the Ion XE in 2007. The Ion can be identified by these features: Above the handle on the side without a pressure gauge is the word "ION."

Smart Parts Ion Repair - iFixit: The Free Repair Manual

The Ion is an electropneumatic paintball marker manufactured by Smart Parts. At the time of its release, the Ion was the first fully electropneumatic marker aimed at entry-level players, at a price point similar to Spyders and other mechanical blowbacks. The Ion has generally been credited with making high-rate-of-fire electropneumatic markers generally available, at a time when ...
