A Complete Guide to Home Meat Curing by Morton Salt Div ...

Chicken legs, thighs and neck work continuously so the meat is darker and the curing color will be light red. Pork can vary from light pink (loin) to light red (ham). Pork belly or jowls have layers of pink meat separated by layers of fat. Beef is darker as a cow walk a lot and lives longer.

curing means saving or preserving meat

Salt curing preserves meat by dehydrating the cells of the tissue. Osmosis draws water out of the meat, and spoilage microbes can't live without it. Typically, salt is mixed with sugar for a more palatable cure.
