Chapter 32: Prototype 4: Prospector Solitaire. In this chapter, you make your first digital card game. The game you create is a version of the popular Tri-Peaks Solitaire game that has been updated for the digital age. This chapter includes several new techniques, including using XML configuration files, designing for mobile devices, and your first look at the 2D sprite tools that are included in Unity 4.3 and above.

Chapter 32: Prototype 4: Prospector Solitaire ...

I always take the name of a character in the chapter (they have names based on words such as Path, Crown, Leaf) and use them to summarize what will happen. For example, when Crown disappears, the chapter is called Crownless, but the chapter also talks about how the duke needs to reign over his land again. I love playing with chapter's names.
