Quite a few months ago now, we created a list of just a few of the World's Roughest Seas and detailed a little bit of what makes them so treacherous. Turbulent, or perhaps even violent oceans have been a hindrance to sailors throughout history; making some exploratory missions at the time impossible, and even turning the tide right before a decisive naval battle.

What Makes The World's Roughest Seas So Dangerous?

No sky too high, no sea too rough, no muff too tough. Learned a lot of lessons in my life. Never shoot a large caliber man with a small caliber bullet. Drove all kinds of trucks 2bys 4bys 6bys and those big motherfckers that bend and go shhh shhh when you step on the brakes. Anything in life worth doing is worth overdoing. Moderation is for cowards.
