On Revolution is a 1963 book by political theorist Hannah Arendt. Arendt presents a comparison of two of the main revolutions of the eighteenth century, the American and French Revolutions.

On Revolution - Wikipedia

Hannah Arendt was a much more perceptive critic of the French Revolution than Burke, although she had the virtue of hindsight. In On Revolution (1963), Arendt made the provocative claim that the American Revolution was actually more ambitious than the French Revolution, although it failed to set the world ablaze.

On Revolution by Hannah Arendt - Goodreads

Click here fore more chapter summaries from On Revolution. Arendt begins by stating that wars and revolutions have determined the face of the twentieth century, and, as opposed to the ideologies defining the twentieth century, war and revolution constitute the 20 th century's "two central political issues." She states that the two have "outlived all their ideological justifications", and that the only cause left is that of "freedom versus tyranny."

Hannah Arendt (Stanford Encyclopedia of Philosophy)

On Revolution is a work of political theory that glorifies the American Revolution. Many of its views are controversial, because it states that the French Revolution is not as important as it is made out to be. Many readers agree with Arendt's conclusions on the American Revolution, but not her conclusions of the French Revolution.
