### Organization Theory and Design - Richard L. Daft - Google ...

Organizational theory consists of many approaches to organizational analysis. "Organizations" are defined as social units of people that are structured and managed to meet a need, or to pursue collective goals. Theories of organizations include rational system perspective, division of labor, bureaucratic theory, and contingency theory. In a rational organization system, there are two significant parts: Specificity of Goals and Formalization. The division of labor is the specialization of individ
