### Person And Being

Here is an example of Clarke's "creative completion" of themes in Thomas, most notably the deep interconnections of the metaphysical category of "being" and "personhood." He argues, quite helpfully and persuasively, that being is inherently "personal" and that personhood is the true end and pinnacle of being.

### Person and Being by W. Norris Clarke

Clarke brings St Thomas's work right up to date by incorporating the insights of personalist philosophers into St Thomas's metaphysics. Thus, Clarke demonstrates that the human person is not just a substance but a relational substance. The relational aspect of being is not accidental to being but is a primordial constituent thereof.

### Getting Personal: The philosophy of W. Norris Clarke, S.J ...

A human is a biological categorization of a being. He is a person because he was born as a homo sapien. However, the term 'person' is much more complex, and there is no single definition that describes one. A person may just be some who thinks, who is aware that that he thinks; and a person who has conscious though.
