Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

The Reflection has a space ratio of 34 while the Silhouette has a space ratio of 35, a small but still noticeable difference. Therefore, it would seem inevitable that the Silhouette should have better service than the Reflection and the Reflection should feel more crowded, especially when waiting for an elevator.
