Introduction to Econometrics (3rd Updated Edition, Global Edition) by James H. Stock and Mark W. Watson Solutions to Odd-Numbered End-of-Chapter Exercises: Chapter 8 (This version August 17, 2014)

**Solutions to Odd-Numbered End-of-Chapter Exercises: Chapter 8**

This book was being used for my 400 level econometrics class. It is by far the most useless textbook I've ever used. There is a lot of exposition, but it is very light on theory and general cases. I found this very frustrating. Econometrics is part of statistics, but Stock and Watson contains few theorems and proofs are swept into appendices.
