The Alexander Cipher

The Alexander cipher is a mystery/treasure hunter book about an American archeologist living in Alexandria named Daniel Knox. He gets in trouble with the local warlord, Hassan, and he is being hunted down from the moment the book starts.

The Alexander Cipher (Daniel Knox, #1) by Will Adams

The Alexander Cipher is a prototypical summer read. After a prologue, the main story starts out with an improbable rescue of a lady-in-distress, and at that point, I questioned whether I would finish the book. However from the underwhelming and overworked beginning, the author settled down into an entertaining and rapid flow.

Amazon.com: Customer reviews: The Alexander Cipher

Though The Alexander Cipher manages to compile nearly every questionable story ever told about Alexander T. Great and thread them neatly into the story (yes, Adams has manifestly done plenty of research), its character narrative only ever oscillates between first and second gear, never really getting any traction on the people .

Review of "The Alexander Cipher"... - Cipher Mysteries

A hidden treasure, in this case the long-lost tomb of Alexander the Great. A de rigueur cipher (hey, not a surprise, considering the name of the book); although, the cipher/code ploy is a bit overworked, these days, in this kind of genre.

The Alexander Cipher by Will Adams, Paperback | Barnes ...

Will Adams has written an entertaining, if perhaps not profound thriller in his debut novel, The Alexander Cipher. Perhaps the strongest element is the introduction of his protagonist, Daniel Knox. He is an archaeologist, who as the novel opens, has come upon hard times and has perhaps been almost literally drummed out of the profession or at the very least has become something of a pariah.

The Alexander Cipher by Will Adams | LibraryThing

Perhaps it is because I haven't read one of these action-packed, Hollywood-style thrillers in a while, but Will Adams's The Alexander Cipher hit the nail on the head with its action, mystery, historical intrigue and entertaining characters. I've always had a love of Alexandrian history and this has it aplenty.

The Alexander Cipher: Amazon.co.uk: Adams, Will ...

Knox is drawn to the archaeological site under cover of darkness and his interests and expertise in the history of Alexander the Great leads him to the realization that the tomb, ostensibly the final resting place of Akylos, the elite shield-bearer of Alexander, has buried with it secrets that may disclose the burial site of Alexander himself. A clever cipher left by the tomb-builders is broken by Gaille Bonnard, even as Knox finds himself falling in love with her.

The Alexander Cipher | Mississippi Valley Archaeology Center

The Alexander Cipher. Will Adams. 3.9 • 29 Ratings; \$7.99; \$7.99; Publisher Description. Workers in Alexandria are excavating for a new building when they discover the ruins of an old tomb, and all work crashes to a halt. According to federal law in Egypt, all discoveries must be properly catalogued by archeologists and this tomb has unusual ...
