Barcode: Legend of Apollo eBook by Kashif Ross ...

The comic book barcode is a funny thing. Some books have them and some don't. Those that do can be confusing as they might have 13, 14, or 17 digits contained in them. In some cases you could even have two copies of the same issue which have entirely different barcodes on them. Oh the insanity!!! This article gives a very brief history of barcodes on comic books but is primarily on how to ...
