The Conduct Of War 1789

The Conduct of War is the study of the way in which political and economical changes since the French Revolution have altered both the techniques and the aims of war, and its theme is that war which is not fought in pursuance of a clear feasible policy will always end in disaster. Fuller begins by examining the limited wars that were possible in the age of absolute rulers, and the destructive impact of revolutionary and democratic government on this state of affairs.

The conduct of war, 1789-1961; : Fuller, J. F. C. (John ...

Fuller maps the character of war not in war itself, but as related to the great western political and social revolutions since 1789. The Conduct of War is a historical thesis to prove Clausewitz's dictum that it is the duties of the statesman and the general to understand the war in which he engages in, not to take it for something which it is impossible for it to be.[4]

#Reviewing The Conduct of War, 1789-1961

The Conduct of War is the study of the way in which political and economical changes since the French Revolution have altered both the techniques and the aims of war, and its theme is that war which is not fought in pursuance of a clear feasible policy will always end in disaster.
