Business Designers often feel like translators, navigators, almost the glue between several very disparate groups of people. It's a real skill. 6) And finally, Business Design stands or falls on its ability to tell the right story at the right time to the right person. This is a classic design skill: the ability to communicate well, and get everyone else as excited and on board with the vision, but also the practicalities, talking the language of the user, and the language of the business ...
