The Practice of Programming (ISBN 0-201-61586-X) by Brian W. Kernighan and Rob Pike is a 1999 book about computer programming and software engineering, published by Addison-Wesley. [1]

### The Practice of Programming - Wikipedia

aspect of programming practice. Chapter 1 discusses programming style. Good style is so important to good programming that we have chosen to cover it first. Well-written programs are better than badly-written ones—they have fewer errors and are easier to debug and to modify— so it is important to think about style from the beginning.
