The Science Of Success How

The Science of Success is short on concrete examples, and Koch acknowledges that implementing his Market Based Management can be difficult because of the hazy connection between, say, property rights and the day-to-day decisions of a midlevel manager in charge of a fertilizer plant. The book is especially obtuse when Koch describes his system for grading employees, a four-box "virtue and talents matrix" that balances "values and beliefs" against the skills needed to run the business.

The Science of Success: How to Attract Prosperity and ...

The Science of Success: How Market-Based Management Built the World's Largest Private Company is a book written by Charles Koch in which he delineates his philosophy of Market Based Management. Koch, the CEO of Koch Industries, Inc., wrote it in 2007. While many similarly-titled books by other authors exist, T. Boone Pickens argues that Koch's immense personal business success lends credibility to the book's concept.
