### Timescape Gregory Benford

Timescape is a 1980 science fiction novel by American writer Gregory Benford (with unbilled co-author Hilary Foister, Benford's sister-in-law, who is credited as having "contributed significantly to the manuscript"). It won the 1981 Nebula and 1980 British Science Fiction Award, and the 1981 John W. Campbell Memorial Award for Best Science Fiction Novel.

### Timescape - Wikipedia

Gregory Benford writes hard science fiction. This feels real, well thought out, and grounded in science. It also feels joyless and a slog to get through at times. Much like Stephen King's Dreamcatcher, Timescape features dual storylines, one taking place decades before the other.
