United States Army Shoulder Patches

United States Army Shoulder Patches. U.S. Army shoulder patches have had a short but colorful history of serving as insignia for military units. In 1918 a U.S. Army unit the 81st Division wore the first shoulder sleeve patch into battle. Soon after, other units going to battle in World War I were also wearing insignias and patches as unit identifiers.

Division insignia of the United States Army - Wikipedia

Second World War. Basic Elements. The entire army was divided into three basic elements: Army Ground Forces (basic combat units), Army Service Forces (logistical and support troops) and Army Air Forces (flying elements and their support troops). Those units not subordinate to some other headquarters, having an approved shoulder sleeve insignia, would wear the patch of these parent elements.

Civilians often question why the U.S. army flag patch is reversed when worn on the uniform of army personnel. The truth is that the flag patch is only reversed when it is displayed on the right shoulder because the blue field of stars is supposed to always be in a position of honor and therefore must be in the highest spot. United States Flag ...
