The Case for Capitalism - Reason.com

[Water Capitalism: The Case for Privatizing Oceans, Rivers, Lakes, and Aquifers by Walter E. Block and Peter L. Nelson] This collaboration between Block (free-market economist) and Nelson (free-market engineer) offers a little bit of anarcho-free-market-everything with which to engage the interested reader. Block, as always, brings his combative spirit and formidable reasoning abilities.

Water Capitalism The Case for Privatizing Oceans, Rivers ...

Water Capitalism proposes the privatization of all bodies of water, because those who own resources husband their assets far more carefully than do bureaucrats who have no real stake in the environment. The idea that an all-powerful state should, or could, care for the physical liquid environs of the world is shown to be incorrect and immoral.

Capitalist Thought: Studies in Philosophy, Politics, and ...

But under capitalism, even water is a tool of social domination. That is the logic of a system of class rule. Capitalism turns material abundance into socially constructed scarcity. No resource—not even water—is exempt from that violent process.
